EXPERT IMAGING SERVICES

Diagnostic imaging uses different types of advanced technology, depending upon the exam you need, to create images of the inside of your body. These images help your physician make a diagnosis or rule out problems. Your physician may refer you for one or more diagnostic imaging exam.

LATEST IN DIAGNOSTIC IMAGING

Our hospitals and outpatient diagnostic centers offer the latest technology for CT, MRI, mammography and all other radiology and diagnostic imaging services.

Please note:

Physician orders are required for all imaging services. For more information or to schedule an appointment, you can call (740)374-1417.

WALK-INS ARE WELCOME

(WHERE NOTED ON RIGHT)

Please remember many tests will require an appointment and the phone numbers are listed. Some helpful hints:

- Be sure to follow pre-test instructions, some tests may require you to fast or wear comfortable clothing. It will be very important for you to follow directions to get the most out of your test.
- Arrive 15 minutes prior to your scheduled appointment to allow for registration. *Please note: for walk-ins it's first come, first serve. Some tests may take longer than others.*
- Bring your insurance referral if required, insurance card and photo identification.
- If you're not fasting, come later in the day. Late morning and afternoons are less busy times.
- We accept most major insurances. Please consult your insurance plan to determine coverage for any testing that is to be performed.

WALK-IN LABORATORY TESTS

Lab tests require a physician's order. No appointment is necessary at our laboratory locations. Outpatient facilities utilize the hospital's state-of-the-art clinical full-service laboratory equipped to perform testing which spans the major disciplines of laboratory medicine. You will benefit from quick, accurate results.
