

Acute Inpatient Rehabilitation at Selby General Hospital

Performance Evaluation; FY October 2017-September 2018

Mission—the mission of the Rehabilitation Center at Selby General Hospital is to provide comprehensive physical rehabilitation programs of the highest quality in order to improve the functional independence of those served. Selby General Hospital Inpatient Rehabilitation Unit meets the comprehensive needs of patients and families in southeast Ohio, northern West Virginia and surrounding areas. The primary rehabilitation team consists of physiatry, rehabilitative nursing, physical, occupational, speech therapies and social services.
